

RE-STITCH Design contest: Reinventing Traditional Costume

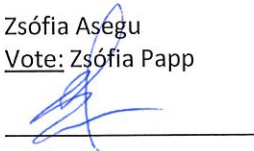

Design results will be expected to demonstrate the knowledge and inspiration from Traditional Costume. Inspiration may be drawn from the clothing, accessories, ornamental elements, patterns, prints or the intangible heritage entailed such as techniques, processes, festivities, traditions, etc.

The jury assesses the designers' creativity, innovation, craftsmanship, uniqueness and a special attention to the element of sustainability. The jury will also look at how well-made and well-justified the final design is. The overall winner of the RE-STITCH Design Award will be announced at the RE-STITCH event to take place on 17 June 2022. The prize for the winner: 3,000€

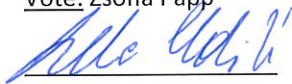

*The following votes have been emitted by the corresponding participating institutions on 14 June 2022.
Each institution has two votes.*
